SEWP VI ORDERING GUIDE

NASA SEWP VI
Solutions for Enterprise-Wide Procurement

Contract Holder

Zen Strategics, LLC | October 15, 2026

SEWP VI Overview

NASA SEWP (Solutions for Enterprise-Wide Procurement) VI is a multiple-award Government-Wide Acquisition Contract (GWAC) providing federal agencies and approved contractors access to information technology, communications, and audiovisual solutions and services.

Zen Strategics, LLC holds two SEWP VI contracts: Category B (80TECH26D0011) and Category C (80TECH26D0222)

What's In Scope For SEWP VI?

NASA SEWP VI provides broad access to Information Technology, Communications, and Audio-Visual (ITC/AV) services. Through Zen Strategics' Category B and Category C contracts, Federal customers can acquire services supporting areas such as IT infrastructure and operations, cloud and data services, cybersecurity, application development and modernization, systems engineering and integration, communications, technical consulting, and training.

Category B – Enterprise-Wide ITC/AV Service Solutions supports large-scale requirements spanning multiple organizations, locations, or offices, including managed and shared IT services.

Category C – ITC/AV Mission-Based Services supports ITC/AV services aligned to specific programs and mission requirements.

The service scopes overlap, allowing agencies to select the category appropriate to the scale and nature of their requirement.

About Zen Strategics

Zen Strategics, a Titan Technologies company, is a federal IT and cybersecurity services firm delivering cybersecurity, cloud, data and information management, IT modernization, and management consulting solutions. Zen supports complex Federal environments through capabilities spanning security operations, cybersecurity architecture and engineering, Zero Trust, risk management and compliance, cloud and infrastructure services, systems integration, and program management.

As part of Titan Technologies, Zen combines specialized small-business expertise and responsiveness with broader capabilities in managed IT, systems integration and engineering, AI/ML, analytics, and data management.

How to Obtain a Quote

To request a quote for services under Zen Strategics' SEWP VI contract, customers may:

1. Submit a Request for Quote (RFQ) through the NASA SEWP Quote Request Tool (QRT): https://www.sewp.nasa.gov/sewpvi/dashboard/quote-request-tool/; or
2. Contact Zen Strategics' SEWP point of contact directly for a market research quote.

When contacting us directly, please include:

- Requesting agency and contracting office
- Description of requirement or SOW
- Desired Period of Performance
- Response date
- Any technical or compliance requirements

Ordering Process

1. Any federal contracting officer or authorized ordering official may use SEWP VI.
2. The customer issues an RFQ through the SEWP Quote Request Tool, or contact Zen Strategics' SEWP program manager for a market research quote.
3. Zen Strategics responds through the SEWP tool.
4. The customer issues the order citing SEWP contract numbers 80TECH26D0011 or 80TECH26D0222 and submits it to the SEWP PMO at sewporders@sewp.nasa.gov.
5. The SEWP PMO assigns a SEWP Control Number (SCN). Zen Strategics will not begin fulfillment before the SCN is assigned.

A.1.13 Fair Opportunity and Requests for Quotes

Contractors will be provided a fair opportunity at the individual order level as appropriate per FAR Part 16.505(b), including the SEWP RFQ tools. No documentation for the order selection is required to be submitted with the order. All such documentation is to be maintained by the issuing procurement office.

The Contractor shall not market, quote or otherwise offer for sale, any IT Solutions not listed under this contract, until the said solutions are included in the SEWP database of record, and available to all Government end-users. If the Government issues a Request For Information (RFI) as part of market research, the Contractor may provide items not yet listed on their SEWP contract as part of a market research quote if:

1. all such items are clearly marked as not yet available on their SEWP contract; and
2. the contractor submits a technology refreshment request to add those products to their contract

If the Government issues a Request For Quote (RFQ) or a Market Research Request (MRR), the Contractor may only respond with items available on their Contract and the price of each item shall be the no greater than the price in Attachment F SEWP database of record at the time the quote is issued.

If the Contractor has insufficient items on their contract to fully respond to the Formal RFQ, the Contractor must respond with a No Bid. Unless the RFQ specifically allows for partial quotes, the Contractor must respond fully to all requirements specified in the RFQ.

When submitting a quote to a government end-user, the contractor must clearly state the length of time the quote is valid. The contractor shall honor any order submitted within the stated time period of a quote.

When responding to an RFI or RFQ issued from the NASA SEWP RFQ on-line quoting system, the Contractor must respond as outlined in Attachment C: Contract Holder User Manual (CHUM).

Contract Holders are prohibited from using Government information posted on the NASA SEWP Contract Holder Only Page, such as RFQs, RFIs, etc., for purposes other than proposing on SEWP requirements. This includes Contract Holders providing third parties with SEWP information and requirements for the purpose of assisting companies, that are not SEWP Contract Holders, with providing unsolicited proposals to meet agency requirements already posted to the NASA SEWP RFQ on-line quoting system.

How to Contact SEWP
